

CONNECTED OFFICER

*A Futuristic Solution for the Modern
Crime Fighter*

SMART, HIGH-PERFORMANCE POLICE

“Policemen continue to put their lives at risk to fight crime, making their job one of the riskiest with relative fatality rate of 16.6 %.”

-- The US Bureau of Labor Statistics (BLS)

Law enforcement can go through a number of improvements in various areas:

- Assaults on police officers increasing heavily
- Gun ownership has been legalized in several countries
- Lack of centralized authorization
- Complex asset maintenance
- Need to monitor and supervise more effectively

Solution Description

Synapt Connected Police is a one-stop solution that improves the safety and security of police officers with the help of internet of things.
